

NHS Scotland Global Citizenship Champions and Peoples Network

Structure and communication

What is a network?

A large **system** consisting of **many** similar **parts** that are **connected together** to **allow movement** or **communication** between or along the parts...

CAMBRIDGE DICTIONARY (WWW.DICTIONARY.CAMBRIDGE.ORG)

What is a network?

A large **system** consisting of **many** similar **parts** that are **connected together** to **allow movement** or **communication** between or along the parts...

CAMBRIDGE DICTIONARY (WWW.DICTIONARY.CAMBRIDGE.ORG)

“In a complex and increasingly connected world, movements and networks are cornerstones of the organisational strategy of the future. They are the best way to bring about **massive, scalable, and sustained social impact**”

NETWORKS IN HEALTHCARE (MALBY & ANDERSON-WALLACE)

What is our purpose?

What is our purpose?

- ▶ Shared and meaningful

What is our purpose?

► Shared and meaningful

“...connecting communities around Scotland who have a shared ambition”

“...it has really raised the profile of Global Health”

“I believe the local and national network is helping us to tackle our shared Global challenges”

What is our purpose?

- ▶ Shared and meaningful
- ▶ A communication channel

What is our purpose?

- ▶ A communication channel

“...effective communication is helping us to build relationships”

“a real motivator in keeping pace with what others are up to”

What is our purpose?

- ▶ Shared and meaningful
- ▶ A communication channel
- ▶ Bring out the best in individual members

What is our purpose?

- ▶ Bring out the best in individual members

“...knowing that ‘out there’ is a colleague who is doing it already...gives increased confidence and motivation to drive forward”

“...it made the process of presenting a paper to the Corporate Management Team much less daunting!”

“Hearing from other champions of their International work is inspiring”

What is our purpose?

- ▶ Shared and meaningful
- ▶ A communication channel
- ▶ Bring out the best in individual members
- ▶ Source of knowledge, learning, innovation

What is our purpose?

- ▶ Source of knowledge, learning, innovation

“...really helpful in terms of sharing learning and preventing the duplication of work”

“We are making progress...we are building on successes...we are finding solutions”

“The Network is enabling us to harness expertise, skills and capacity”

What is our purpose?

- ▶ Shared and meaningful
- ▶ A communication channel
- ▶ Bring out the best in individual members
- ▶ Source of knowledge, learning, innovation
- ▶ Cut across organisational boundaries
