

# Scottish Government International Development Programme

Mark Cooney – Policy Officer for Pakistan

1<sup>st</sup> November 2019

# International Development Fund

The primary aim of our £10million per year International Development Fund is to support and empower our partner countries: Malawi, Rwanda, Zambia, and Pakistan. It is made up of three funding streams.

## **Development Assistance:**

Development assistance is the first and largest funding stream and includes our Malawi, Rwanda, Zambia and Pakistan Development Programmes, as well as our Small Grants Programme.

**Capacity Strengthening:** provides funding to a number of partnered institutions from Scotland and our partner countries. Increasingly too, we are working across other Scottish Government Ministerial portfolios for international development outcomes which contribute to our overall capacity building work, working towards our commitment on the Beyond Aid agenda.

**Investment Stream:** commercial investment initiatives, including the Malawi Investment Initiative

# International Engagement Strategy

## PAKISTAN AND SCOTLAND

COLLABORATION BETWEEN PAKISTAN AND SCOTLAND IN:

TRADE, INVESTMENT  
AND ENTERPRISE

CONSULATE  
IS BASED IN  
GLASGOW**

2<sup>nd</sup> NHS Scotland Global Citizenship Conference

**Developing Sustainable Health Partnerships**

# **Pakistan Focus Workshop**

**Prof Mahmood Adil**

**Medical Director**

**Information Services Division & Health Protection Scotland, NHS NSS**

**Themina Mohammed**

**Principal Information Development Manager,  
ISD, NHS National Services Scotland**

# Message from Mahmood Adil

- Really sorry for not being with you today. Actually I will be in Pakistan along with a delegation of Royal College of Physicians of Edinburgh and explore areas of mutual health partnerships on the day.
- My colleague Themina has kindly agreed to cover for me. I will be happy to follow all the actions get agreed with your valuable input at this workshop.

# Workshop Objectives

1. Overview of the **Pakistan population health** needs – using available data sources (5 minutes)
2. Scotland – Pakistan **current health partnership initiatives** (3 minutes)
3. **Group Discussion:** ideas for future collaborative initiatives to strengthen Pakistan health system (45 minutes)
4. Post Conference **Follow-up Actions** (5 minutes)

# Pakistan Population Health Data & Needs

## Brief overview

# Basic Country Profile

- **Population** = 220 million
